In the presence of relatives and a few intimate friends, the marriage of Miss Ethel Angus and Mr. John Howard Ellis was solemnized on Saturday evening at half-past eight o'clock. Central Union church, where the wedding took place, was prettily decorated with greens and white flowers. The bride wore a handsome gown of white crepe meteor and carried a shower bouquet of bride's roses and white gardenias. The maid of honor, Miss Jean Angus, wore a gown of blue satin veiled with chiffon, and carried a bouquet of pink roses and maidenhair fern.

After the ceremony a reception was held at the home of the bride's mother on Emma street.

Reception at Salvation Army Home.

Staff Captain McAbee and Adjutant Long, who are leaving Honolulu next week, and Colonel Blanch Cox and Adjutant Duncan, who arrived here recently, were the guests of honor at a reception at the Salvation Army Home on Monday afternoon. The affair was planned by Mrs. Gerrit Wilder, Mrs. Walter Dillingham and Mrs. Richard Ivers, who wished to give all of the ladies in Honolulu the opportunity to bid farewell to Captain McAbee and Adjutant Long, who have been in the islands for so many years and who have accomplished so much during their stay here. These two ladies opened the first Salvation Army rescue home in Honolulu, and since the building of the home in Manoa have continued their work in that district.

During the afternoon a delightful musical program was rendered by the little children who live at the home, who greatly regret that the loved captain is to leave them.

Among those present at the reception were Captain McAbee, Adjutant Long, Colonel Cox, Adjutant Duncan, Mrs. Gerrit Wilder, Mrs. Walter Dillingham, Mrs. Richard Ivers, Mrs. Charles Adams, Mrs. Montague Cooke, Mrs. Snider, Mrs. Tenney, Mrs. George Potter, Mrs. Whitney, Mrs. William Whitney, Mrs. M. The party motored from Hilo to the abode of Madam Pele, where the little girls who have sung their way into the hearts of the theater-going folk of three islands were introduced to their majestic hostess, allowed to scorch postals over the smoking lava cracks and treated to an exhibition of fireworks the memory of which will long remain undimmed for them.

During her short stay in Honolulu

Miss Pischel has become very popular among the members of the younger set, and many affairs have been planned in her honor.

Mrs. William Haley Hiserman, who has been visiting in Honolulu for the past month, left this morning in the Mauna Kea for her home in Hilo.

The Right Reverend Archbishop Reardon of California will arrive in Honolulu in the early fall and will be the guest of Major and Mrs. John Wholly.

Mr. and Mrs. Robert Lange spent the week-end at the Volcano House. They will spend the remaining part of the week in Hilo, and will return to Honolulu Saturday.

Miss Josephine Gineca arrived in the Wilhelmnia yesterday morning. While in Honolulu, Miss Gineca will be the guest of Mr. and Mrs. Henry Gineca.

Mrs. Ross Kingsbury is entertaining this afternoon for Mrs. Lee Morris, who has come here from the mainland to remain about a year.

Lieutenant and Mrs. Ross Kingsbury, Miss Priscilla Elliott and Mrs. Lee Morris will leave in the Claudine on Friday for Maui, where they will be the guests of Judge Selden B. Kingsbury.

Professor Jagger, who has been the houseguest of Captain and Mrs. Douglas McDougal, returned to the volcano today.

Miss Gwendolyn Blair is the houseguest of Dr. and Mrs. Arthur Hodgins.

Mr. Oliver Lansing was host at a week-end party at Waihole.

Captain and Mrs. E. W. Bauer will leave in the Nippon Maru on Friday, for the Orient, where Captain Bauer has been ordered.

Invitations have been issued by Miss Bertha Young for a dance to be given on the nineteenth of July for Mr. Alexander Anderson.

On the arrival of the Tenyo Maru from Honolulu last Tuesday the engagement of Miss Grassie V. Bulkley and Bayard Hyde-Smith of this city was announced. The announcement rather leaked out than was made, as both the bride-elect and her mother, Mrs. W. A. Gill, with whom she was traveling, refused to admit the name of her betrothed until some of the passengers, who had discovered the secret while still in Honolulu, disclosed it. Mrs. William Andrew Gill, wife of Captain Gill, commander of the United States cruiser Colorado, and her daughter left for Honolulu last November. Shortly after their arrival in the island Miss Bulkley met her fiancé at a reception and since then the romance has flourished, with the result of their engagement in the last month.

month. The bride to be is a belle in

the navy set of Washington, D. C., where the announcement of her betrothal will be made next week. Mrs. Gill and Miss Bulkley left Wednesday for the East, where they will be joined shortly by Captain Gill.

Bayard Hyde-Smith is the son of Mrs. Eleanor Hyde-Smith of this city. He is a brother of Mrs. Bulkley, formerly Miss Gertrude Hyde-Smith, and of Mrs. Harold Dillingham, formerly Miss Margaret Hyde-Smith, who since her marriage has resided in Honolulu. His aunts are Mrs. Alexander Garceau, Mrs. Camilo Martin and Miss Mamie Hyde.

The groom-elect formerly was in business in this city, but for the last two years he has lived in Honolulu, where he was joined recently by his mother.

As yet there are no plans in regard to the marriage, but it will probably be a social event of the late autumn. The future home of the couple will be in Honolulu, where the Hyde-Smiths own a large plantation.—Exchange

A BALD-HEADED WOMAN

Shorn off her Crown of Beauty, Loses In Love and Marriage

Hair is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness, and success. Yet, right here in Honolulu there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess which destroys the natural oil of the hair causing it to split, break, and come out. They do not shampoo their hair often enough, or too often. They use soap or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost any woman may rid herself of dandruff and diseased scalp and hair if she will but use the right remedy. We have that remedy, and we will positively guarantee that it will cure dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. We will return your money if you do not find that Rexall "93" Hair Tonic is an entirely satisfactory remedy that will promote hair growth and overcome scalp and hair troubles; that it will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial, and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about it. You will be well repaid for your visit to our store. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store, Benson, Smith & Co., Ltd., Fort and Hotel Streets.

NOTED WOMAN WILL SPEAK AT CENTRAL UNION

Mrs. Hannah T. Jenkins, supervisor of the school of art and design at Pomona College, California, will lecture at Central Union Church next Sunday evening on "Women to the Front".

Mrs. Jenkins, who is on her way around the world, arrived here last week on the Mongolian and has been making sketches of the tropical scenery of Honolulu and vicinity.

Pomona College, where Mrs. Jenkins has served for seven years, is one of the schools of the Congregational Church and Mrs. Jenkins will include many of the Congregational missionary stations in her trip East.

MANOA RESIDENTS PLAN TO INCORPORATE

At a meeting of Manoa Improvement Club on Monday evening at the home of its president, F. L. Waldron, a scheme was broached to have the section incorporated as a separate municipality. The example of Piedmont, a suburb of Oakland, Cal., is cited by the promoters of the scheme. A committee was appointed to consider the matter and report.

The club is taking up the development of the park space reserved by the trustees of Oahu College when the College Hills tract was plotted.

A request will be made to the Supervisors to open the approach to the College of Hawaii before the beginning of the next term in September. Tree-planting along the streets is also being actively prosecuted by the club members.

J. W. Gilmore, A. J. Gignoux, Robert Pratt, Victor Hurd and E. M. Ehrhorn were appointed a committee to confer with the authorities relative to the water-supply shortage.

11 Get New Pump.

It is intended, under the outstanding loan fund appropriations, to install a 5,000,000 gallon pump at the Palolo station and then keep the old pump for a reserve. With this installation the Palolo works will take care of the district up to the 300-foot level. From that elevation up to 600 feet a supply will be obtained by developing certain springs at the head of Palolo Valley, which, with a storage reservoir, will be good for a quarter of a million gallons daily. Much of the pipe-laying for the improved water service has been completed.

At the instance of Ed. Towse the club decided to procure, by subscription of the residents of the section, a bronze tablet bearing in bas-relief Lincoln's address at Gettysburg and a facsimile of the great emancipator's signature, to be placed in Lillooan school.

The board of directors at a meeting after the club adjourned, appointed Towse, Berndt and Logan as a committee to place the order for the tablet with some importing house before the next mail leaves.

Another matter referred to the directors was an instruction to have the name of Palolo avenue, the next

THE GREAT

The Great Raymond, who is to appear on July 17 at the Liberty Theater, is the only European in the world today who has succeeded in accomplishing that wonderful feat, the growing of the "mango tree". This trick has been seen by everyone who has traveled in India, but never by anyone outside of that country.

A little heap of earth is placed on a flat surface, a seed is planted, water is then poured over it, and, lo and behold, the tree grows.

The Great Raymond has improved this wonderful illusion, as he has improved on every other magician whom the world has today. The "mango tree" as the Great Raymond grows it is a rose bush, which, when the seed is planted, grows up into a beautiful vine with natural roses of three colors blossoming forth from its folds. These roses Mr. Raymond severs and distributes to the audience.

The story, or, rather, the way in which the Great Raymond learned this wonderful accomplishment, is very ro-
